FOR IMMEDIATE RELEASE**Prime Numbers Technology Announces Direct Connect Partnership with MIDOCO**

Marlborough, MA - Corporate travel data analytics and benchmarking experts Prime Numbers Technology are excited to announce a new data integration partnership with MIDOCO, a software to automate back-office operations for travel management companies. This connection enables travel data to be automated from MIDOCO to Prime Analytics, Prime's market leading travel spend management platform.

TMCs using MIDOCO can now leverage Prime's dynamic platform, including real-time reporting, customizable dashboards, predictive analytics, relevant benchmarking and more, to elevate their client experience by uncovering actionable insights and support strategic decision-making.

"This new integration with MIDOCO expands reporting and analytics options for TMCs and corporations, especially in Europe," said Mark Breshnahan, President at Prime Numbers Technology. "We're continuing our commitment to provide high quality global travel data, and further building upon our presence in over 65 countries around the world."

This direct connection marks another step in Prime Numbers mission to help TMCs and corporate travel programs make better, faster, data-driven decisions without the friction of legacy processes.

"Our integration with Prime Numbers empowers Travel Management Companies with smarter insights and greater efficiency," said Steffen Faradi, CEO of MIDOCO. "It's a key step in expanding our presence in the U.S. market and strengthening our position as a leading provider of intelligent travel technology."

This integration is now available to MIDOCO clients.

About Prime Numbers Technology

Prime Numbers Technology is a leading provider of data analytics and reporting software, helping clients drive significant savings in business travel spend through analysis and reporting, contract and spend optimization, benchmarking, and automation. With a presence in over 65 countries, Prime's solutions are licensed by some of the most recognized names in business travel, with global representation by many Fortune 250 corporations and top travel management companies.

MIDOCO

Founded in 2005, Midoco is a leading Travel ERP Software that enables Travel Management Companies (TMCs) to automate and optimize their back-office travel operations, financial processes, and data management. Headquartered in Germany, the Midoco Group includes Midoco GmbH, provider of the Midoco Travel ERP, and Umbrella AG in Switzerland, developer of the Umbrella Profiles management solution. Together, the group serves travel organizations in more than 60 countries, processing billions in travel transactions every year.
